

**If someone asked you for a  
glass of water is this what  
you'd hand them?**

We are blessed to be members of this historic church. It has been here for parishioners for over 150 years. Let's be there for St. Patrick. Contribute each week what you can to help offset day-to-day operating expenses, which drain our reserves and can eventually put us on a less stable footing. What you give on Sunday makes a difference every day of the week.

**St. Patrick needs you, everyday.**
