Message from the Administrator's Desk:

Hi there, the beauty of creation among other things is the changes in the seasons arranged in an awesome manner. The spring season officially gave way to the summer season last Tuesday 21st June, and will be lasting till September 23. There is indeed time for everything as the Holy Book says.

Summer is the break especially for school vacation of Students for their relaxation and rest, so as to enjoy quality free time with family and friends. However, each one has his or her own way of spending the summer, since there are many places to visit and enjoy the vacations.

I am pretty sure, now that the covid has gone down, you have already made plans to visit places like the countryside, or the beach or historical and recreational places or quiet and cooler places for the summer, to happily avoid the heat wave, since excessive heat can cause a lot of harm. What is important is to enjoy and make the most of this time with family and friends. Wherever you may be at the summer, enjoy every bit of it and feel refreshed for the next season which follows.
